STATE OF UTAH
OFFICE OF THE UTAH STATE AUDITOR

TINA M. CANNON
UTAH STATE AUDITOR

March 25, 2026

The Honorable Spencer J. Cox, Governor, State of Utah
The Members of the Utah State Legislature

The Office of the Utah State Auditor is pleased to submit the *Single Audit Report* of federal financial assistance for the State of Utah for the year ended June 30, 2025. The audit was conducted in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance).

We would like to draw your attention to 16 audit findings related to financial reporting errors, noncompliance with accounting standards and/or federal program requirements, and inadequate oversight of taxpayer funds.

We continue to recommend that the State prioritize competitive salaries, professional development opportunities, and retention strategies for accounting personnel. Increased investment in training and career advancement will help reduce turnover and improve the retention of qualified government employees. Strengthening financial management across all federal programs requires personnel with appropriate accounting expertise, including proficiency in internal control frameworks. The ability to attract, train, and retain skilled professionals will mitigate the risk of financial misstatements, inefficiencies, and potential mismanagement of public funds.

This report includes the following:

- Reports on compliance and internal control at both the financial statement level and major federal program level, as well as the Schedule of Expenditures of Federal Awards.
- The Schedule of Expenditures of Federal Awards.
- The Schedule of Findings and Questioned Costs, including responses and corrective action plans from responsible officials.
- The Summary Schedule of Prior Audit Findings.

Additionally, the **State of Utah's Annual Comprehensive Financial Report** for the fiscal year ended June 30, 2025, along with our audit report dated December 22, 2025, has been issued under separate cover.

We extend our appreciation to the program and accounting personnel of State agencies and institutions, as well as the State Division of Finance, for their professionalism and dedication in administering and accounting for the complexities of federal financial assistance.

Sincerely,

A handwritten signature in cursive script that reads "Tina M. Cannon".

Tina M. Cannon
Utah State Auditor

Summary Schedule of Prior Audit Findings		171

Introduction

Background

The Federal Government requires the State of Utah to have an entity-wide audit of its financial statements and its federal programs as a condition of receiving federal financial assistance. The federally-required audit is commonly referred to as the “single audit.” The single audit focuses on testing compliance with laws and regulations and related internal controls over compliance for major programs. The requirements for performing the single audit are stated in Subpart F of Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance).

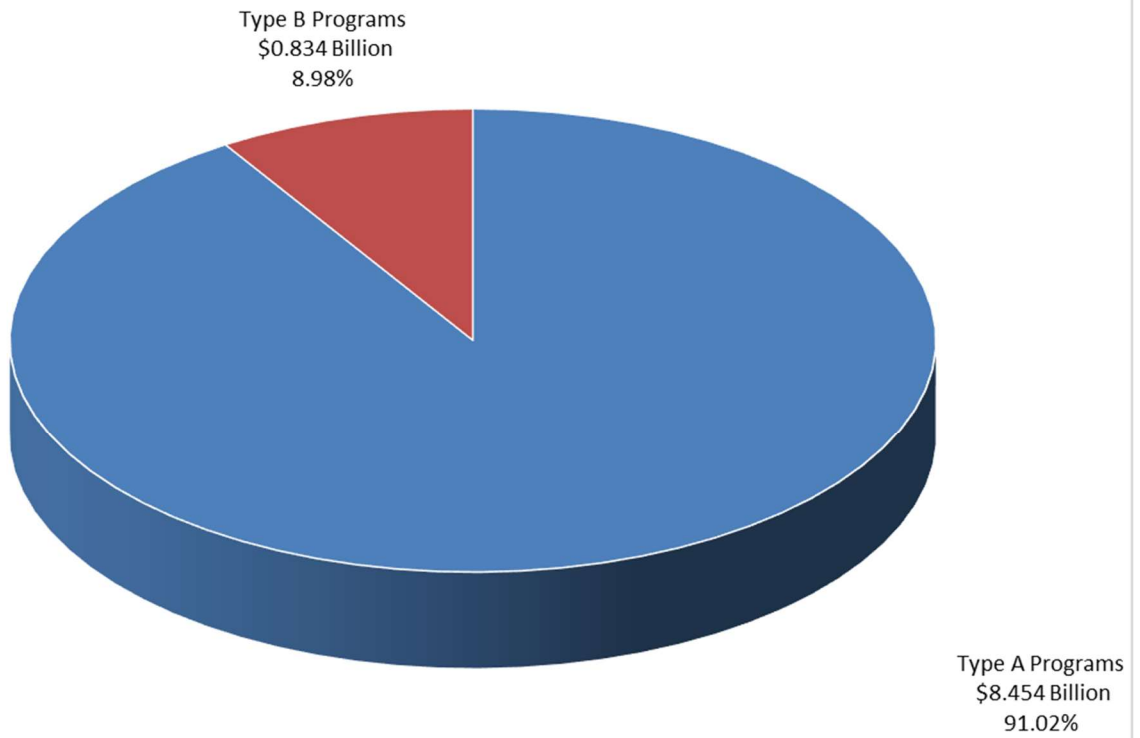

Scope

Uniform Guidance requires a risk-based approach to auditing federal programs. Under the risk-based approach, programs are classified as Type A or Type B programs based on a dollar level computed in accordance with the Uniform Guidance. Type A programs for the State are those programs which exceeded \$27,863,000 in federal awards expended for the fiscal year ended June 30, 2025. All other programs are classified as Type B. For the year ended June 30, 2025, 11 Type A and 5 Type B programs were audited as major programs in accordance with the Uniform Guidance requirements. The State had 26 Type A programs and hundreds of Type B programs in fiscal year 2025. (See chart on the following page.)

Presentation

This report includes all required information for the single audit except the State’s financial statements and our report thereon, which were issued under separate cover. A Schedule of Expenditures of Federal Awards by federal agency is presented as required. An optional Schedule sorted by state agency is also presented. The required summary of our audit results, including a list of the major programs audited, is presented on pages 139–140. In addition, the summary schedule of prior audit findings is presented in a separate section of the report.

TINA M. CANNON
UTAH STATE AUDITOR

Independent Auditor's Report

On Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

To the Members of the Utah State Legislature
and
The Honorable Spencer J. Cox
Governor, State of Utah

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the State of Utah (the State), as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise the State's basic financial statements and have issued our report thereon dated December 22, 2025.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the State's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the State's internal control. Accordingly, we do not express an opinion on the effectiveness of the State's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or to detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. We identified certain deficiencies in internal control, described in the accompanying schedule of findings and questioned costs as Finding 2025-001 that we consider to be a material weakness.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the State's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

The State's Response to Findings

Government Auditing Standards requires the auditor to perform limited procedures on the State's response to the findings identified in our audit and described in the accompanying schedule of findings and questioned costs. The State's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose. However, pursuant to *Utah Code* Title 63G Chapter 2, this report is a matter of public record, and as such, its distribution is not limited.

Office of the Utah State Auditor
Salt Lake City, Utah
December 22, 2025

TINA M. CANNON
UTAH STATE AUDITOR

Independent Auditor's Report

Compliance For Each Major Federal Program; Internal Control Over Compliance Required by *Uniform Guidance*; and Schedule of Expenditures of Federal Awards Required by *Uniform Guidance*

To the Members of the Utah State Legislature
and

The Honorable Spencer J. Cox
Governor, State of Utah

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited the State of Utah's (State's) compliance with the types of compliance requirements identified as subject to audit in the *2025 OMB Compliance Supplement* that could have a direct and material effect on each of the State's major federal programs for the year ended June 30, 2025. The State's major federal programs are identified in the Summary of Auditor's Results section of the accompanying "Schedule of Findings and Questioned Costs."

In our opinion, the State of Utah complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs identified in the Summary of Auditor's Results section of the accompanying schedule of findings and questioned costs for the year ended June 30, 2025.

The State's basic financial statements include the operations of Utah Transit Authority (UTA), a discretely presented component unit. UTA expended \$62.3 million in federal awards for its fiscal year ended December 31, 2024. Its federal awards were audited by other auditors in accordance with the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*. The results of that audit are reported separately.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and the audit requirements

of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance)*. Our responsibilities under those standards and *Uniform Guidance* are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the State and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the State's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the State's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and to express an opinion on the State's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and *Uniform Guidance* will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the State's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and *Uniform Guidance*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the State's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.

-
- Obtain an understanding of the State’s internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with *Uniform Guidance*, but not for the purpose of expressing an opinion on the effectiveness of the State’s internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Other Matters

The results of our auditing procedures disclosed other instances of noncompliance, which are required to be reported in accordance with *Uniform Guidance* and which are identified in 2025-002 through 2025-013 and 2025-015 through 2025-016 and described in the accompanying “Schedule of Findings and Questioned Costs.” Our opinion on each major federal program is not modified with respect to these matters.

Government Auditing Standards requires the auditor to perform limited procedures on the State’s response to the noncompliance findings identified in our compliance audit described in the accompanying schedule of findings and questioned costs. The State’s response was not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

Report on Internal Control Over Compliance

Our consideration of internal control over compliance was for the limited purpose described in the Auditor’s Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, we did not identify certain deficiencies in internal control over compliance that we consider to be material weaknesses.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or to detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal

program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance. We consider the deficiencies in internal control over compliance identified in Findings 2025-002 through 2025-014 and 2025-016 to be significant deficiencies. The accompanying schedule of findings and questioned costs describes each of these significant deficiencies.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

Government Auditing Standards requires the auditor to perform limited procedures on the State's response to the internal control over compliance findings identified in our audit and described in the accompanying schedule of findings and questioned costs. The State's response was not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of *Uniform Guidance*. Accordingly, this report is not suitable for any other purpose.

Report on the Schedule of Expenditures of Federal Awards Required by Uniform Guidance

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the State of Utah, as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise the State's basic financial statements. We have issued our report thereon, which contained unmodified opinions, dated December 22, 2025.

Our audit was conducted for the purpose of forming opinions on the State of Utah's basic financial statements. The accompanying "Schedule of Expenditures of Federal Awards" is presented for purposes of additional analysis as required by *Uniform Guidance* and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements.

The Schedule of Expenditures of Federal Awards has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements, and other additional procedures, in accordance with auditing standards generally accepted in the United States of America. The accompanying "Schedule of Expenditures of Federal Awards" does not include UTA's \$62.3 million in federal awards expended for its fiscal year ended December 31, 2024; these expenditures were reported on separately.

In our opinion, based on our audit and the report of other auditors, the "Schedule of Expenditures of Federal Awards" is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Notes to the Schedule of Expenditures of Federal Awards

Note 1. Significant Accounting Policies

- A. Basis of Presentation – The foregoing Schedule of Expenditures of Federal Awards (SEFA) is a supplementary schedule to the State’s basic financial statements and is presented for purposes of additional analysis. The SEFA is required by and presented in accordance with Title 2 of the U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance).
- Federal Financial Assistance – Pursuant to Uniform Guidance, federal financial assistance is defined as assistance provided by a federal agency, either directly or indirectly, in the form of grants, contracts, cooperative agreements, loans, loan guarantees, property, interest subsidies, insurance, endowments, or direct appropriations, and also nonmonetary federal assistance, including food stamps, food commodities, vaccines, food vouchers, and surplus property. Federal financial assistance does not include direct federal cash assistance to individuals. Solicited contracts between the State and Federal Government for which the Federal Government procures tangible goods or services are not considered to be federal financial assistance.
 - Assistance Listing – Uniform Guidance requires the SEFA to show the total expenditures for each of the State’s federal financial assistance programs as identified in the Assistance Listing. Federal financial assistance programs and contracts which have not been assigned an Assistance Listing number (ALN) or, where management has been unable to determine the ALN, are identified with the federal agency two-digit prefix in the SEFA.
 - Type A and Type B Programs – Type A programs for the State of Utah are those programs which exceeded \$27,863,000 in federal awards expended for the fiscal year ended June 30, 2025; all other programs are classified as Type B. For the year ended June 30, 2025, certain low-risk Type A programs were not audited and certain Type B programs were audited as required by Uniform Guidance. All Type A and Type B programs that were audited as major programs are listed in the “Schedule of Findings and Questioned Costs.”
 - A "cluster" of federal programs is a set of closely related programs with different ALNs that share common compliance requirements. Clusters are defined by each annual OMB Compliance Supplement and can change from year to year. The

following list identifies the clusters represented in the SEFA for the state fiscal year 2025.

- Aging Cluster
- CCDF Cluster
- Child Nutrition Cluster
- Disability Insurance/SSI Cluster
- Economic Development Cluster
- Employment Service Cluster
- Federal Transit Cluster
- Fish and Wildlife Cluster
- FMCSA Cluster
- Food Distribution Cluster
- Foster Grandparent/Senior Companion Cluster
- Head Start Cluster
- Highway Safety Cluster
- Medicaid Cluster
- Research and Development Cluster
- SNAP Cluster
- Special Education Cluster (IDEA)
- Student Financial Assistance Cluster
- Transit Services Programs Cluster
- TRIO Cluster
- WIOA Cluster

B. Reporting Entity – The State of Utah’s reporting entity includes the primary government and its component units as described in Note 1.A. of the State’s basic financial statements for the year ended June 30, 2025. For purposes of presenting the SEFA, the Utah Transit Authority (UTA), a major discrete component unit, has been excluded from the reporting entity for the fiscal year 2025.

C. Basis of Accounting – Federal financial assistance programs included in the SEFA are primarily reported in the State’s basic financial statements as grants and contributions in the entity-wide Statement of Activities and as federal grants and contracts or federal reinsurance in the fund financial statements. Except for items F and J presented in Note 2, the SEFA is presented using the same basis of accounting as that used in reporting the expenditures of the related funds in the State’s basic financial statements. The basis of accounting used for each fund is described in Note 1.C of the State’s basic financial statements.

- Matching Costs – Except as addressed in Note 4 for certain loan programs, the SEFA does not include matching expenditures.
- Nonmonetary Assistance – The SEFA contains values for several non-monetary assistance programs. The Supplemental Nutrition Assistance Program (SNAP) is presented at the dollar value of food stamp electronic benefit transfers authorized and used by recipients. The programs with commodities and vaccines are presented at the federally assigned value of commodities disbursed by the State. The surplus property program is presented at the estimated fair value of the property distributed. The fair value was estimated to be 23.30% of the property’s original federal acquisition value.

- Endowment and Commodities – Information on federal endowment and commodities inventory is included in the Notes instead of on the SEFA (see Notes 5 and 6).
- Loan and Loan Guarantee Programs – The value of new loans and loan guarantees made during the year plus, as applicable, the beginning of the year loan balances and loan guarantees are included in the SEFA. The outstanding federal loan balances and loan guarantees at the end of the year are included in the Notes instead of on the SEFA (see Note 4).
- Direct and Indirect (Pass-Through) Federal Financial Assistance – The majority of the State’s federal financial assistance is received directly from the granting federal agency (i.e., the State is the primary recipient). However, some federal financial assistance, as identified on the SEFA, is passed through a separate entity prior to receipt by the State (i.e., the State is a subrecipient). Although this type of assistance is reported on the SEFA, identified under the column heading “Pass-Through Entity,” it is not reported as federal revenue on the State’s basic financial statements because it was not awarded directly from the Federal Government to the State.
- Pass-Through Expenditures – The SEFA includes a column for “Provided to Subrecipients” to identify the amount the State subgrants to other entities to carry out some federal programs.
- Federal Transactions Between State Entities within the Reporting Unit– Federal funds received by one state grantee entity (including component units) and redistributed to another state grantee entity (i.e., pass through of funds by the primary recipient State grantee entity to a subrecipient state grantee entity) are reported only once in the SEFA as federal expenditures of the *primary* State grantee entity, with the exception of the American Rescue Plan Act – State and Local Fiscal Recovery Funds (ALN 21.027) grant funds. The SLFRF grant funds are reported only once by the *subrecipient* state grantee entity. This is to avoid duplication and the overstatement of the aggregate level of the federal financial assistance expended by the State.

Note 2. Reconciliation of Expenditures to Federal Revenues

Expenditures reported in the SEFA agree with the federal revenues reported in the State's basic financial statements with the following reconciling items:

Total Federal Expenditures from the SEFA **\$ 9,287,887,774**

Reconciling items:

A.	Federal Capital Contribution for loan programs reported as federal revenue in the State's Proprietary Fund and Component Unit Financial Statements but not reported on the SEFA:	
	HOME Investment Partnerships Program (ALN 14.239)	1,663,826
	Housing Trust Fund (ALN 14.275)	3,045,733
B.	Component Unit federal funds expended in a different year than federal revenue was received and/or recognized	749,595
C.	Federal pass-through funds received and expended from non-federal entities and not reported as federal revenue:	
	Primary Government	(3,685,171)
	Component Units	(164,393,512)
D.	State-funded unemployment insurance expenditures reported on the SEFA that are not reported as federal revenue in the Proprietary Fund Financial Statements	(335,402,838)
E.	Build America Bonds subsidy is not covered by single audit requirements	576,172
F.	Fund Financial Statements change in accrual of Medicaid pharmacy rebates	17,667,462
G.	Program Income:	
	Program Revenue for Performance Partnership Grants (ALN 66.605)	(793,133)
H.	Deferred reimbursement of indirect costs	3,452,646
I.	Loans and loan guarantees made are reported on the SEFA	
	Primary Government	(132,648,232)
	Component Units	(11,734,553)
J.	Fund Financial Statements change in accrual of federal pass-through revenues to local school districts	(23,931,039)

K.	Other miscellaneous reconciling items, net	(1,014,862)
	Total federal revenue per the Fund Financial Statements	<u>\$ 8,641,439,868</u>

FEDERAL REVENUE PER THE FUND FINANCIAL STATEMENTS:

Governmental Funds – Federal Grants and Contracts	\$ 7,042,475,000
Proprietary Funds – Federal Grants	68,954,000
Component Units – Operating Grants and Contributions	2,893,746,000
Less: Component Units – Operating Grants and Contributions for Utah Transit Authority (excluded from SEFA presentation – see Note 1.B)	(83,656,000)
Total	<u>9,921,519,000</u>
Less amounts included in the Component Unit revenues for State, local, and other grants and contributions	(1,280,079,132)
Total federal revenue per the Fund Financial Statements	<u>\$ 8,641,439,868</u>

Note 3. De Minimis Cost Rate

The SEFA includes a portion of costs associated with general activities that are allocated to federal financial assistance programs under negotiated formulas commonly referred to as indirect cost rates. Four State agencies (the Utah Office of the Attorney General, the Department of Commerce, the Department of Natural Resources, and the Utah State Tax Commission) and two component units (Bridgerland Technical College and Southwest Technical College) use the 10 percent de minimis cost rate for some of their programs.

Note 4. Federal Loan Programs and Loan Guarantees

Outstanding federal loan balances and loan guarantees:

	Assistance Listing Number	Ending Balance June 30, 2025
Rural Housing Preservation Loans	10.433	\$ 982,558
Rural Development Loans	10.447	4,373,637
Rental Housing Rehabilitation Loans	14.230	206,309
HOME Investment Partnerships Program Loans	14.239	102,680,996
Housing Trust Fund Loans	14.275	20,934,336
Coronavirus Relief Fund	21.019	157,604
State Energy Program Loans	81.041	230,166
Perkins Loan Program	84.038	2,847,948
Nurse Faculty Loan Program (NFLP)	93.264	1,112,358
Health Professions Student Loans	93.342	5,429,410
Nursing Student Loans	93.364	224,975
		\$ 139,180,297

Any administrative allowances expended under these programs during the year are included in the SEFA. Also included in the SEFA, as required by Uniform Guidance, is the value of new loans and loan guarantees made during the year plus, as applicable, the beginning of the year loan balances and loan guarantees.

Some of the above loan programs require matching funds from the State. The HOME Loan Program requires a 25 percent match; the loans made with the match money are separate loans, accounted for separately, and are not included in the above numbers. Other loan programs above require a 0 to 25 percent match. The above numbers for these loan programs include the State match.

Note 5. Federal Endowment

The Division of Arts & Museums of the Utah Department of Cultural and Community Engagement maintains an endowment from the U.S. National Endowment for the Arts. The endowment is used to provide support for the Utah Arts Endowment Fund and was created with \$600,000 of federal funds on September 26, 1991. Only the interest from the endowment is used to make grants to individual artists and ethnic art groups. The Utah Arts Endowment Fund also accepts donations that are used to make grants. During the year ended June 30, 2025, interest earnings and contributions were \$43,966

and no grants were issued. The Utah Arts Endowment Fund balance at June 30, 2025, which comprises the federal endowment and donations, was \$1,004,856.

Weber State University maintains an endowment from the U.S. Department of Education (ALN 84.031). The endowment addresses the needs of students who have been placed in developmental mathematics and developmental English. The endowment was created in June 2019, for 20 years. The U.S. Department of Education has contributed \$400,000 and Weber State University has contributed \$400,000. The endowment fund balance of both federal and match funds at June 30, 2025, was \$917,371.

Note 6. Nonmonetary Assistance Inventory

As described in Note 1, nonmonetary assistance is reported in the SEFA based on the amount disbursed. As of June 30, 2025, the following inventories of nonmonetary assistance existed:

Assistance	Inventory Balance June 30, 2025
Food Commodities	3,656,980

Note 7. Women, Infant, and Children Program Food Rebates

During the fiscal year ended June 30, 2025, the Utah Department of Health and Human Services received \$8,748,559 of cash rebates from infant formula manufacturers on the sale of formula to participants in the Women, Infants and Children (WIC) Program (ALN 10.557). Rebate contracts with infant formula manufacturers are authorized by federal regulation 7 CFR 246.16a as a cost containment measure.

Rebates are reported as a reduction of expenditures previously incurred for WIC food benefit costs.

The cash rebates received in the fiscal year ended June 30, 2025, correspond to a food benefit for an average of 9,545 persons per month each year.

Note 8. Education Stabilization Funds (Assistance Listing #84.425)

Education Stabilization grant programs (ALN 84.425) have ended. Only the Utah State Board of Education (USBE) reported expenditures in the year ended June 30, 2025; no expenditures were reported for component unit colleges and universities.

Education Stabilization Fund (ALN 84.425)

American Rescue Plan Elementary and Secondary School Emergency Relief (ARP ESSER)	84.425U	124,251,492
American Rescue Plan Emergency Assistance to Non- Public Schools (ARP EANS)	84.425V	8,291,377
American Rescue Plan Elementary and Secondary School Emergency Relief (ARP ESSER) - Homeless Children and Youth	84.425W	<u>1,031,923</u>
Total Education Stabilization Funds (ALN 84.425)		<u><u>\$ 133,574,792</u></u>

Schedule of Findings & Questioned Costs

9. Auditee qualified as low-risk auditee?	_____ yes <u> x </u> no

Part II. Findings Related to the Financial Statements

2025-001. Insufficient 45-Day Accrual Preparation and Review

(Finding Type: Material Weakness)

The Utah State Tax Commission (USTC) did not properly prepare the 45-day tax accrual, an accounting estimate used to recognize tax revenues and receivables for the State's fiscal year 2025 Annual Comprehensive Financial Report (ACFR) in accordance with governmental accounting standards. This error resulted in the overstatement of revenues by approximately \$266.2 million, which improperly affected the reporting of Income Tax, Corporate Tax, and Sales Tax revenues and receivables in the General Fund, Transportation Investment Fund, and Income Tax Fund. This tax accrual or estimate is used solely for financial reporting purposes and does not affect funds available to the State for budget appropriations or for revenue forecasting.

The USTC annually prepares a schedule of tax accruals after fiscal year end. The tax accruals represent tax payments made after the fiscal year end that are attributed to taxes earned by the State during the fiscal year. USTC tracks these payments over 45 days following the fiscal year end and calculates the amount to be accrued.

The original accrued revenues reported by USTC for these tax types was \$368.4 million higher in fiscal year 2025 than in 2024. During our audit of the State's ACFR for fiscal year 2025, USTC was unable to provide sufficient evidence or explanation to support this material increase for the 45-day tax accrual revenues in a timely manner. The USTC performed the 45-day accrual calculation using the same methodology as in previous years but did not appear to question or investigate why there was a material increase in this accrual for fiscal year 2025 as compared to previous years, which would have enabled the USTC to provide sufficient evidence and explanation to the auditors in a timely manner.

In contrast, the USTC identified and investigated a significant decrease in the 5-day accrual for Motor Fuels and Special Fuels tax, changed the accrual calculation methodology to use a 3-year trend, and ended up recording an adjustment to increase these revenues by \$15.9 million for fiscal year 2025. As part of our audit, we reviewed this explanation and documentation provided by the USTC and concluded this adjustment was reasonable.

As a result of the inaccurate preparation, OSA, working with USTC and the State Division of Finance (Finance), ultimately considered an adjustment of \$266.2 million for the 45-day accrual to be reasonable. Finance made the adjustment to reduce these tax revenues and receivables in the FY2025 ACFR, which also affected several more funds due to the sales tax distribution process.

As part of its internal control structure, the USTC should review and investigate significant decreases and *increases* in tax revenues and accruals to ensure the amounts recorded for financial reporting

purposes are adequately supported with sufficient audit evidence and properly recorded in the State's accounting system for ACFR purposes.

Recommendation

We recommend USTC ensure all system processes used in the 45-day accrual preparation are adequate, information is sufficiently analyzed and that proper reviews are completed by knowledgeable personnel.

USTC's Response

We acknowledge and take responsibility for not providing the requested documentation to the auditors to explain the year-over-year increase in the 45-day accrual. We understand the \$266.2 million adjustment made by the Division of Finance was based on the information available at the time of the audit. We failed to clearly communicate and document the reason why the accrual was significantly higher this year over last year in a timely manner.

USTC's Corrective Action Plan

To strengthen our internal controls, we will implement an internal review process requiring that significant accruals receive executive management review and approval prior to being recorded. Any material increases or decreases will be properly documented and included as part of the accrual documentation. In addition, we will refine the Gentax Super Cube and/or Transfers Within Gentax reports, or request the development of additional year-end accrual-specific reports, to further assist with our year-end process.

In the future, we will implement procedures to ensure that requested documentation is provided to auditors and the Division of Finance in a timely manner and that appropriate staff are available to respond to audit inquiries as needed. We apologize for the outcome this has caused.

Anticipated Completion Date: June 30, 2026

Part III. Findings and Questioned Costs for Federal Awards

U.S. Department of Health and Human Services

2025-002. Incomplete Pharmacy Rebate Reporting and Invoicing

(Finding Type: Significant Deficiency, Reportable Noncompliance)

Federal Agency: Department of Health and Human Services

Assistance Listing Number and Title: 93.778 Medicaid Assistance Program

Federal Award Number: Various

Questioned Costs: N/A

Pass-through Entity: N/A

Prior Year Single Audit Report Finding Number: 2024-003

The Department of Health and Human Services (DHHS) did not report all required pharmacy rebate information or send all rebate invoices to manufacturers within the statutory timeframe. Federal regulations (42 USC 1396r-8) require DHHS to report drug utilization data, including data in the managed care plans, to drug manufacturers and to invoice for rebates within 60 days after the end of each rebate period (typically a calendar quarter). DHHS contracts with a third-party organization to perform these reporting and invoicing processes.

After DHHS implemented a new claims system (PRISM) in April 2023, certain data would not properly interface with the third party's system. Without receiving all the data, the third party was not able to report this data and send rebate invoices to the manufacturers. As a result, DHHS was not compliant with the requirements. The interface problem has still not been resolved in the current fiscal year.

The unreported data relates to an estimated \$23.2 million in rebates manufacturers owe DHHS for fiscal year 2025 and \$49.2 million in aggregate. DHHS plans to request these payments once the interface issues are resolved. However, the longer it takes to resolve the issue, the greater the accumulated un-invoiced amount and the higher the risk of uncollectability.

Recommendation

We recommend that DHHS ensure:

- Interface issues with third-party organization system are resolved quickly,
- Invoice and collect the unbilled rebates,
- All required drug utilization data is reported to manufacturers within required time and rebates are invoiced in a timely manner.

DHHS's Response

DHHS agrees with this recommendation.

DHHS's Corrective Action Plan

DHHS has worked to implement a solution with its contracted third-party vendor to resolve file interface issues. The interface issue impacted medical claim rebates, which are a portion of DHHS's overall pharmacy rebate process. The medical claim rebate file interface fix went live during the week of November 17, 2025. The interface fix ensures that, going forward, all required utilization data will be reported to manufacturers in a timely manner for successful eligible medical claims rebate submission. Eligible medical claims rebate invoicing, including uninvoiced rebates due to the interface issue, are scheduled to be sent to applicable manufacturers in February 2026. This is the earliest time CMS will allow DHHS to submit the invoices to the manufacturers. DHHS confirmed with its vendor that the backlog of uninvoiced claims will include all outstanding claims from the date of the last successful submission for these medical claim rebates, which was prior to the implementation of PRISM in April of 2023.

Anticipated Completion Date: February 2026

Responsible Staff: Thomas Davies, Medicaid Pharmacy Director, Division of Integrated Health, thomasdavies@utah.gov

2025-003. Required Health and Safety Surveys Not Performed Within Statutory Timeline**(Finding Type: Significant Deficiency, Reportable Noncompliance)**

Federal Agency: Department of Health and Human Services

Assistance Listing Number and Title: 93.777, 93.778 Medicaid Assistance Program

Federal Award Number: Various

Questioned Costs: N/A

Pass-through Entity: N/A

Prior Year Single Audit Report Finding Number: 2023-008, 2024-005

DHHS did not perform required Health and Safety Surveys within the required timeline. Federal regulations (42 CFR 442.15) require DHHS to conduct medical health and safety surveys for nursing and intermediate care facilities at least every 15 months. DHHS is also required (42 CFR 442.109) to ensure the statewide average interval between surveys is 12 months or less. We sampled 14 facilities and found that DHHS had not conducted the required surveys within the statutory timeframe for 8 facilities.

The statewide average interval was also greater than the allowed timeframe. The COVID-19 Public Health Emergency (PHE) and resulting relaxed requirements contributed to a backlog of surveys. We originally identified this issue in the state fiscal year 2023 audit. Findings have been issued in the last two years. As shown in the table below, HHS made gradual improvements over the last three years. The rate of non-compliance decreased from 85.71% to 57.14% and the months exceeding required timeline decreased from 3.63 – 17.1 months to 0.57 – 7.6 months.

Audit Year	Number of Health and Safety Surveys Tested	Number of Health and Safety Surveys Identified as Non-compliant	Rate of Non-compliance	No. of Months Beyond Required Timeline	
				Min	Max
2025	14	8	57.14%	0.57	7.6
2024	16	11	68.75%	3.97	12.23
2023	14	12	85.71%	3.63	17.1

Even with the improvements, the rate of non-compliance of 57.14% is still considered high. DHHS indicated that it could not resolve the backlog because of continued staffing shortages. If DHHS does not conduct these surveys, DHHS may be unaware if facilities do not comply with health and safety requirements, which could potentially endanger patients and cause program funds to be given to noncompliant facilities.

Recommendation

We recommend that DHHS take prompt and appropriate action to address the current survey backlog and staffing shortages. We also recommend that DHHS conduct future surveys in a timely manner to ensure proper health and safety environment in these facilities for the patients.

DHHS's Response

The department agrees with this recommendation.

DHHS's Corrective Action Plan

To address this finding (and prior year findings number 2023-008 and 2024-005), the Division of Licensing and Background Checks (DLBC), Office of Licensing (OL) took the following corrective action to achieve compliance with required survey time frames:

Staffing and Structure

- Established a Separate Complaint Investigation Team (August 2024): A dedicated team was created to accelerate the completion of complaints and surveys. This change allows the investigations team to focus solely on investigations, and the Long Term Care (LTC) team to concentrate on surveys, separating the duties previously managed by the LTC team.
- Increased Staffing via Fee Increase (2024): Health Facility Licensing fees were raised by 43%, funding the hiring of four new staff. This expansion provided more personnel to the LTC team, enabling them to conduct a higher volume of surveys.
- Reassigned a Trainer to a Surveyor Role (January 2025): A trainer position was converted into a front-line surveyor position, increasing the number of staff directly conducting surveys.
- Substituted a Surveyor with a Lead/Training Position (February 2025): A surveyor position was replaced with a lead role that includes training duties. This modification ensures ongoing training support for front-line surveyors, improving efficiency and consistency during surveys.

Backlog Reduction

- Dedicated one-time funds were allocated to contract with a third-party surveyor and hire two time-limited positions to specifically address the Health and Safety survey backlog in fiscal years 2024 and 2025.

Process and Oversight

- Efficiency Review: Reviewed the health facility team's processes to improve efficiencies, such as assessing the optimal number of surveyors needed to conduct surveys effectively.
- Targeted Training: The health facilities teams were provided in-depth writing training to streamline the writing and reporting practices, with the goal of shortening writing times and increasing the number of surveys completed. Training will continue to improve processes.
- Performance Tracking: This indicator is tracked in DLBC Results Based Accountability (RBA) plan starting in FY 2025. DLBC held monthly RBA accountability sessions to discuss progress and barriers to meeting the performance goals.

Since implementing the changes listed above we have seen the number of recertified facilities increase to 51 in FY 2025 from 31 in FY 2024. To continue to address the finding OL will continue the following corrective actions to achieve compliance with required survey time frames:

Backlog Reduction

- Backlog Mitigation: To manage the backlog and ensure timely surveys, the LTC team alternates between completing one backlogged survey and one new survey. This ensures we systematically complete old surveys while maintaining timely completion of current surveys.

Process and Oversight

- Efficiency Review: Continued to review the health facility team's processes to improve efficiencies.
- Targeted Training: Provide continued training to improve and streamline practices.
- High-Level Monitoring: Hold regular meetings with the OL Director, Health Facilities Administrator, and Long-Term Care Manager to discuss progress and operational approaches.
- Performance Tracking: Continue to track this indicator in the DLBC & OL RBA plan. DLBC will hold regular RBA accountability sessions and participate in the department's ALIGN session to discuss progress and barriers to meeting the performance goals.

DLBC will continue to evaluate our resources and processes in order to achieve compliance with the required survey timelines.

Anticipated Completion Date: July 2026

Responsible staff: Florencia Shapira De Grout, Office of Licensing Director, ffschapira@utah.gov

2025-004. Inadequate Procedures to Ensure All Eligible Healthcare Providers Maintaining Active Professional Licenses

(Finding Type: Significant Deficiency, Reportable Noncompliance)

Federal Agency: Department of Health and Human Services

Assistance Listing Number and Title: 93.777, 93.778 Medicaid Assistance Program

Federal Award Number: Various

Questioned Costs: N/A

Pass-through Entity: N/A

Prior Year Single Audit Report Finding Number: 2024-004

One provider listed as eligible in the DHHS provider eligibility tracking system (PRISM) did not meet eligibility requirements. We sampled 42 providers listed as eligible in PRISM and noted that one of these providers had an expired license. Federal regulations (42 CFR 455.412) require DHHS to "confirm that [a] provider's license has not expired."

DHHS works with the Division of Professional Licensing (DOPL) to identify licenses that are currently expiring on a weekly basis. While this process captures most expired licenses, it is ineffective at identifying licenses that expired before this process was in place. The license in question had expired in January 2018 so it was not subject to this process. DHHS is currently working with DOPL to expand

this process to review all active and expired licenses rather than just the ones that have recently expired, but these changes have not been implemented yet, so the expired license was undetected.

DHHS could have identified the expired license through a routine revalidation check, but DHHS delayed these revalidation checks because of the Public Health Emergency and the related Federal guidance.

If DHHS does not ensure that all providers in PRISM meet eligibility requirements, it is possible that DHHS could reimburse claims for an ineligible provider, although this did not occur during fiscal year 2025.

Recommendation

We recommend that DHHS ensure all healthcare providers listed as eligible have active professional licenses.

DHHS's Response

DHHS agrees with this recommendation.

DHHS's Corrective Action Plan

In July 2025, DHHS pulled a report from the PRISM system showing current providers with expired licenses. The purpose of the data pull was to verify that all current providers—in-state and out-of-state—have active licenses. DHHS has subsequently conducted a thorough internal review to determine if action was needed and has either closed providers with inactive licenses or submitted a modification to update the license information. DHHS identified 165 providers with expired licenses and closed them since no current active license existed under the provider name. Going forward, DHHS is reviewing license expiration notifications on a monthly basis.

Anticipated Completion Date: August 2025

Responsible Staff: Shandi Wanlass, Office Director, Office of Medicaid Operations

2025-005. Inaccurate and Untimely FFATA Subawards Reporting Due To Inadequate Monitoring

(Finding Type: Significant Deficiency, Reportable Noncompliance)

Federal Agency: Department of Health and Human Services

Assistance Listing Number and Title: 93.667 Social Services Block Grant (SSBG)

Federal Award Number: 2401UTSOSR

Questioned Costs: N/A

Pass-through Entity: N/A

Prior Year Single Audit Report Finding Number: N/A

DHHS did not properly report all Social Services Block Grant (SSBG) subawards for Federal Funding Accountability and Transparency Act (FFATA) reporting, and DHHS did not have an effective control procedure in place to detect or prevent these issues. We tested a sample of five SSBG subawards that should have been subject to FFATA reporting and identified the following errors:

- Two of the five subawards tested were not reported at the time of our audit,
- Three of the subawards had not been reported by the end of the following month in which DHHS issued the subaward, and
- Three subawards (mentioned in the second bullet above) were reported under the wrong federal award identification number (FAIN). Even though FAIN is important information, it was not one of the key elements required to be tested, these errors are not reported in the table below.

The following table summarizes these errors:

Transactions Tested	Subaward not reported	Report Not Timely	Subaward Amount Incorrect	Subaward missing key elements
5	2	3	0	0
Transactions Tested	Subaward not reported	Report Not Timely	Subaward Amount Incorrect	Subaward missing key elements
\$251,796	\$137,796	\$114,000	\$0	\$0

Federal regulations (2 CFR 170(a)(2)(ii)) require DHHS to report sub-award information “no later than the end of the month following the month in which the obligation was made.” Federal regulations (2 CFR 200.303(a)) also require DHHS to establish, document, and maintain effective internal control procedures to ensure it complies with FFATA reporting requirements.

DHHS did not properly report all the SSBG subawards because of staff turnover, confusion over FFATA responsibilities, and not having a process in place to ensure all subawards are captured for tracking purposes. As a result, DHHS personnel did not subject the SSBG subawards to the controls even though DHHS has control procedures over FFATA reporting for other subawards.

After bringing this to DHHS’s attention, DHHS subsequently corrected these reporting issues.

Recommendation

We recommend DHHS:

- Report all subawards that are subject to FFATA reporting accurately and within the required timeframe, and
- Establish control procedures to ensure accurate and timely FFATA reporting.

DHHS's Response

The department agrees with this recommendation.

DHHS's Corrective Action Plan

DHHS will ensure proper FFATA reporting through fiscal officer coordination and monthly review of FFATA submissions.

Anticipated Completion Date: January 2026

Responsible Staff: Brent Crosby, Financial Manager II, Division of Finance and Administration, brcrosby@utah.gov

2025-006. Inaccurate and Incomplete FFATA Subawards Reporting Due To Inadequate Monitoring**(Finding Type: Significant Deficiency, Reportable Noncompliance)**

Federal Agency: Department of Health and Human Services

Assistance Listing Number and Title: 93.959 Substance Use Prevention Treatment and Recovery Services (SUPTRS)

Federal Award Number: B08T1087068

Questioned Costs: N/A

Pass-through Entity: N/A

Prior Year Single Audit Report Finding Number: N/A

DHHS did not properly report all Substance Use Prevention, Treatment, and Recovery Services (SUPTRS) subawards for Federal Funding Accountability and Transparency Act (FFATA) reporting and DHHS did not have an effective control procedure in place to detect or prevent these issues. We tested a sample of three SUPTRS subawards that should have been subject to FFATA reporting and identified the following errors:

- One of the three subawards tested was not reported at the time of our audit
- The other two subawards were reported with incorrect amounts

The following table summarizes these errors:

Transactions Tested	Subaward not reported	Report Not Timely	Subaward Amount Incorrect	Subaward missing key elements
3	1	0	2	0
Transactions Tested	Subaward not reported	Report Not Timely	Subaward Amount Incorrect	Subaward missing key elements
\$14,621,268	\$1,175,015	\$0	\$13,446,253	\$0

Federal regulations (2 CFR 170(a)(2)(ii)) require DHHS to report sub-award information “no later than the end of the month following the month in which the obligation was made.” Federal regulations (2 CFR 200.303(a)) also require DHHS to establish, document, and maintain effective internal control procedures to ensure it complies with FFATA reporting requirements.

DHHS did not properly report SUPTRS subawards because of miscommunication and confusion about reporting methodologies. In addition, DHHS did not have an effective process in place to ensure all subawards are captured for tracking purposes and reported accurately.

Recommendation

We recommend DHHS:

- Report all subawards that are subject to FFATA reporting accurately and within the required timeframe, and
- Establish control procedures to ensure accurate and timely FFATA reporting.

DHHS’s Response

The department agrees with this recommendation.

DHHS’s Corrective Action Plan

DHHS will provide training to staff to help ensure subaward amounts are correctly determined and reported within the required timeframe.

brcrosby@utah.gov

U.S. Department of Homeland Security

2025-007. Absence of Controls over Federal Funding Accountability and Transparency Act (FFATA) Reporting Resulted in Noncompliance

(Finding Type: Significant Deficiency, Reportable Noncompliance)

Federal Agency: Department of Homeland Security

Assistance Listing Number and Title: 97.036 Disaster Grants – Public Assistance; 97.046 Fire Management Assistance; 97.047 Pre-Disaster Mitigation Grants

Federal Award Number: Various

Questioned Costs: N/A

Pass-through Entity: N/A

Prior Year Single Audit Report Finding Number: 2021-013

The Department of Public Safety (DPS) does not have adequate internal control procedures over FFATA reporting to ensure timely submission to the appropriate Federal reporting system. This resulted in noncompliance as FFATA reports have not been submitted for fiscal year 2025. 2 CFR 200.303 requires recipients to "establish, document, and maintain effective internal control...that provides reasonable assurance that the recipient or subrecipient is managing the Federal award in compliance with ... the terms and conditions of the Federal award."

The absence of adequate internal control procedures was partially due to DPS monitoring software being replaced in February 2025 and the change in the reporting system at FEMA that occurred in March 2025. The lack of appropriate internal control procedures may further result in incomplete, inaccurate, and untimely reporting.

Recommendation

We recommend DPS establish adequate internal control procedures to ensure FFATA reporting is complete, accurate, and timely in accordance with the applicable compliance requirements.

DPS's Response

We agree with this finding.

DPS's Corrective Action Plan

DEM will continue transitioning our grant programs to our grants software, which will automatically submit FFATA reporting through the new SAM.gov process once the API module is complete. In the meantime, DEM has developed a stopgap SOP for handling the tracking and reporting of FFATA.

Anticipated Correction Date: June 30, 2026

2025-008. Absence of Controls over SF-425 Reporting Resulted in Noncompliance

(Finding Type: Significant Deficiency, Reportable Noncompliance)

Federal Agency: Department of Homeland Security

Assistance Listing Number and Title: 97.036 Disaster Grants – Public Assistance; 97.046 Fire Management Assistance; 97.047 Pre-Disaster Mitigation Grants

Federal Award Number: Various

Questioned Costs: N/A

Pass-through Entity: N/A

Prior Year Single Audit Report Finding Number: N/A

DPS did not have effective internal controls over the preparation of the Federal SF-425 reports. We tested a sample of nine SF-425 reports and identified errors ranging from \$2,441.03 to \$1,999,972.82 (both over and under reporting) in the “Federal Cash” section on six of the reports. We also noted a lack of supporting documentation for the “Federal Expenditures and Unobligated Balance” and “Recipient Share” sections for all nine of the reports tested. These errors were due to the lack of a standardized process for the preparation of the reports and the absence of internal controls to detect errors. 2 CFR 200.303 requires recipients to “establish, document, and maintain effective internal control...that provides reasonable assurance that the recipient or subrecipient is managing the Federal award in compliance with...terms and conditions of the Federal award,” which includes accurate financial reporting.

This absence of appropriate internal controls may further result in incomplete and inaccurate reporting.

Recommendation

We recommend DPS establish internal controls over the preparation of the SF-425 reports to ensure accurate financial reporting.

DPS’s Response

We agree with this finding, but would also like to note that elements of this finding were due to changes in staff and changes in the federal system. FEMA grants are split between PARS, HHS-PMS, and FEMA-GO, with most of the errors being found in FEMA-GO reports, which is the new system.

DPS's Corrective Action Plan

Coordinate with DPS on an SOP relating to DPS policies 130 and 131 to prevent errors and discrepancies in reporting between different federal reporting systems. This can be completed by 6/30/2026 with increased collaboration helping to prevent any additional errors from occurring in the interim.

U.S. Department of Housing and Urban Development

2025-009. Untimely Inspections for Housing Quality Standards

(Finding Type: Significant Deficiency, Reportable Noncompliance)

Federal Agency: Department of Housing and Urban Development

Assistance Listing Number and Title: 14.239 Home Investment Partnerships Program

Federal Award Number: Various

Questioned Costs: N/A

Pass-through Entity: N/A

Prior Year Single Audit Report Finding Number: N/A

DWS did not perform housing quality inspections for certain HOME-assisted properties within the required monitoring interval. We identified 10 projects where inspections were completed between 1 and 6 months after the required inspection due date.

24 CFR 92.251(f)(3)(i) requires participating jurisdictions to perform on-site inspections within 12 months of project completion and at least once every three years during the period of affordability, to determine compliance with property standards.

DWS did not have an adequate control in place to ensure inspections were scheduled and completed within the required monitoring intervals. Additionally, personnel indicated there was a misunderstanding of the requirement, believing inspections needed to occur sometime after the 1- or 3-year interval rather than within the year the interval elapsed.

Since the inspections were not performed within the required timeframe, DWS is not in compliance with federal inspection timing requirements and increases the risk that housing quality issues may not be identified and corrected in a timely manner. DWS did ultimately perform the inspections and no issues were identified, thus, we will not question costs associated with the projects.

Recommendation

We recommend DWS implement a formal monitoring control to ensure housing quality inspections for HOME-assisted properties are completed within the required monitoring intervals established by federal regulation.

DWS's Response

DWS agrees with the finding.

DWS's Corrective Action Plan

The Housing and Community Development (HCD) Division will implement formal monitoring controls to ensure housing quality inspections for HOME-assisted properties are conducted within the monitoring intervals established by federal regulation. To address this issue, HCD will:

- Consult with the U.S. Department of Housing and Urban Development (HUD) to obtain any needed clarification and guidance.
- Modify the tracking system and internal procedures to ensure compliance with the monitoring inspection guidelines.
- Provide training to staff on HOME monitoring requirements and internal procedures.

U.S. Department of Natural Resources

2025-010. Inadequate Controls Over Report Submissions

(Finding Type: Significant Deficiency, Reportable Noncompliance)

Federal Agency: Department of the Interior

Assistance Listing Number and Title: 15.233 Forests and Woodlands Resource Management

Federal Award Number: L19AS00086

Questioned Costs: \$0

Pass-through Entity: N/A

Prior Year Single Audit Report Finding Number: N/A

DNR did not have adequate internal controls over federal reporting requirements. We noted the following issues in our testing:

- 1. FFATA Reporting:** DNR does not have a formal control procedure to ensure that FFATA reports are accurate and submitted on time. We did not note any noncompliance issues with FFATA reporting. DNR did not implement controls because they thought that the controls over the contract process were sufficient. However, these contracting process controls would not provide assurance on accurate and timely reporting.
- 2. Performance Reporting:** The control over performance report submissions was not adequately designed because an independent review of the report did not take place before report submission. DNR was not aware that the reports should be reviewed by a person that was not involved in report preparation to ensure that the required reporting elements are included, the contents of the report are accurate, and the report was submitted timely. We also noted that one of two performance reports we reviewed was submitted over a month later than the due date. Lack of independent review can lead to the late submission not being recognized as an error.
- 3. Financial Reporting:** The final financial report was submitted three days after the due date and there was a variance of \$3,136 in the reported amount of cash disbursements. DNR indicated that this was a mistake made but not detected by the control.

Federal Regulations (2 CFR 200.303) require entities to “Establish, document, and maintain effective internal control over the Federal award that provides reasonable assurance that the recipient or subrecipient is managing the Federal award in compliance with Federal statutes, regulations, and the terms and conditions of the Federal award.”

Lack of effective internal controls increases the risk of noncompliance with federal reporting requirements and increases the risk that material errors could occur and not be detected in a timely manner.

Recommendation

We recommend that DNR strengthen internal controls over reporting by designing, documenting, and maintaining internal controls to ensure that all reports are submitted accurately and on time.

DNR's Response

DNR agrees with the recommendations.

DNR's Corrective Action Plan

1. FFATA Reporting:

DWR will implement some new controls including recording the date of SAMS entry on our contract log to ensure it has been completed, and we will have an additional team member review the screen shots for accuracy of entry.

2. Performance Reporting:

DWR agrees that the performance reports were submitted late. The reports were due during the federal government shutdown at a time when we had a vacancy at DWR. We recognize that we should have requested an extension. We will work to ensure that this does not happen again. DWR will also ensure that the reports are reviewed by the Assistant Habitat Chief prior to submission to ensure accuracy.

3. Financial Reporting:

DWR agrees that the final report was submitted three days late. We will create more controls to ensure these reports are submitted timely, or ensure we have received the proper extensions.

U.S. Department of the Treasury

2025-011. Unallowable Costs Charged to the SLFRF Program

(Finding Type: Significant Deficiency, Reportable Noncompliance)

Federal Agency: Department of the Treasury

Assistance Listing Number and Title: 21.027 Coronavirus State and Local Fiscal Recovery Funds

Federal Award Number: Various

Questioned Costs: \$70,491

Pass-through Entity: N/A

Prior Year Single Audit Report Finding Number: N/A

We noted the following costs improperly charged to Coronavirus State and Local Fiscal Recovery (SLFRF) in our sample of 50 transactions selected during fiscal year 2025.

- The Department of Health and Human Services (DHHS), working with the Division of Technology Services (DTS) on an IT revitalization project, improperly charged \$79 for DHHS employees that were not working on the SLFRF-funded project and were not obligated before the deadline. Upon further investigation, a total of \$70,450 in improperly charged costs relating to this issue dating back to October 2024 were identified, which we questioned. This error was caused by an oversight of DHHS personnel that were no longer working for the project as of the end of the year and was not caught in DHHS's review of DTS charges to the project. These personnel costs were supposed to switch to other projects, but DHHS failed to notice that the switch never happened, relying too heavily on DTS to make the account coding changes. After bringing this to DHHS's attention and before the end of the fiscal year DHHS corrected these issues by entering a journal entry to move the questioned costs of \$70,450 out of SLFRF.
- The Department of Agriculture and Food (DAF) charged a \$41 lunch for their Water Optimization team in June 2025 to SLFRF. This is not an eligible use of SLFRF funds and was incurred after the obligation deadline. This error was caused by an oversight in the review process that allowed the charge to go through without the reviewer noticing the charge was unallowable and outside the award period for SLFRF. Internal controls should provide reasonable assurance that charges are allowable and within the proper timelines. After the discovery of these questioned costs, DAF corrected the issue by entering a journal entry to move the questioned costs of \$41 out of SLFRF.

2 CFR 200.303 states, "The non-Federal entity must establish, document, and maintain effective internal control over the Federal award that provides reasonable assurance that the recipient or subrecipient is managing the Federal award in compliance with Federal statutes, regulations, and the terms and conditions of the Federal Award." Not paying close enough attention to what is being

charged to federal programs during the transaction review process could allow costs to be inappropriately charged to a federal program and result in questioned costs.

Recommendation

We recommend that DHHS and DAF improve their internal control review process to ensure that only properly coded and allowable costs are charged to the federal program.

GOPB's Response

GOPB agrees with the finding. Both questioned costs identified by the State Auditor's Office were promptly corrected through journal entries to ensure that the unallowable expenses are no longer charged to SLFRF.

GOPB's Corrective Action Plan

GOPB will continue to work with DHHS, DAF, and other SLFRF-funded agencies to strengthen internal controls and oversight processes. These efforts include providing refresher training on federal cost allowances and documentation requirements, along with conducting targeted reviews of payroll and administrative expenses.

During the review of the October 2025 quarterly report, GOPB reminded agencies to maintain complete and accurate documentation for all SLFRF expenditures. This includes subrecipient monitoring, risk assessments, and supporting source records such as procurement documents, contracts, and payment proof. GOPB also emphasized verifying interdepartmental transactions (IDT, ITA, and IET) for accuracy and allowability.

GOPB has also directed agencies managing SLFR projects to review and update their SLFRF project progress reports to reflect their project's current status, revised timelines, updated expenditures, and supporting documentation for any new or amended activities. Additionally, GOPB is performing a targeted review of payroll and administrative expenses as part of the ongoing SLFRF monitoring plan.

Contact Person: Darcy Jaimez, Fiscal Grant Manager, 385-377-3373

Anticipated Correction Date: October 31, 2025

DHHS's Response

The department agrees with this recommendation and appreciates the acknowledgement that unallowable costs identified were moved out of SLFRF within the fiscal year under audit.

DHHS's Corrective Action Plan

DHHS reviews the DTS Billing report, in addition to reviewing and approving transactions processed through Vantage Financial, to help prevent unallowable costs from being charged to the federal program.

Anticipated Correction Date: August 2025

Responsible Staff: Ryan Roberts, CPA, Senior Accountant, Division of Finance and Administration, ryaneroberts@utah.gov

DAF's Response

UDAF agrees with this finding. The coding for the transaction identified was corrected as soon as the error was identified.

DAF's Corrective Action Plan

Supervisors who review ARPA SLFRF payments have been reminded of the importance of ensuring only allowable costs are coded to the SLFRF grant prior to approving. In addition to supervisor reviews, a Financial Manager who understands the grant requirements will perform a monthly review of all transactions charged to the SLFRF grant to ensure all expenses are allowable.

Responsible Person: Melanie Henderson, Finance Director, 385-320-6808

Anticipated Completion Date: October 1, 2025

2025-012. Current Obligations for SLFRF Reported After Obligation Deadline**(Finding Type: Significant Deficiency, Reportable Noncompliance)**

Federal Agency: Department of the Treasury

Assistance Listing Number and Title: 21.027 Coronavirus State and Local Fiscal Recovery Funds

Federal Award Number: Various

Questioned Costs: N/A

Pass-through Entity: N/A

Prior Year Single Audit Report Finding Number: 2023-018, 2024-014

The Coronavirus State and Local Fiscal Recovery Funds (SLFRF) Project and Expenditure Report for Quarter 1 2025 (January–March) incorrectly reported current obligations totaling \$31,951,776 from 11 projects as obligations made during this quarter. In addition to these 11 projects, one project reported

a reduction of current obligations totaling (\$804,266). The SLFRF Final Rule and Obligation Interim Final Rule state no new obligation of SLFRF funds can be made after the December 31, 2024 obligation deadline. Therefore, this quarterly report should not have had any current obligations because it was for a period after the obligation deadline. We recognize that in accordance with SLFRF FAQ 17.19, excess funds from one project could be reallocated to another project that previously met the obligation deadline (not new obligations) and potentially be reported as current obligations for a period after the obligation deadline. However, we do not believe this is the case for Quarter 1 2025 because of the difference between the amount for projects with current and reduced obligations reported.

The Treasury's Compliance and Reporting Guidance for SLFRF outlines that recipients "should appropriately maintain accounting records for compiling and reporting accurate, compliant financial data, in accordance with appropriate accounting standards and principles" as well as other key reporting requirements for capital expenditures. This reporting discrepancy was caused by incorrectly reporting current obligations equal to the amount of current period expenditures, rather than reporting the actual current obligations as \$0. This inaccurate reporting of current obligations could cause users of the report to conclude that obligations were made after the December 31, 2024 obligation deadline, which would not be allowable, and could impact the calculation of SLFRF funds the Treasury may require to be returned as not obligated by this deadline.

Recommendation

We recommend GOPB properly report obligations that were made prior to the December 31, 2024 obligation deadline in accordance with Treasury's Compliance and Reporting Guidance for SLFRF.

GOPB's Response

GOPB agrees and believes the reporting errors mainly resulted from limitations in how the reporting portal uploaded obligations made prior to December 31, 2024, that were later adjusted in a future reporting period.

GOPB's Corrective Action Plan

Due to potential reporting portal issues related to adjustments of obligations established before December 31, 2024, GOPB is taking additional steps to ensure that all obligations are correctly reported in accordance with Treasury's Compliance and Reporting Guidance for SLFRF.

Starting with the October 2025 report, GOPB staff is taking additional steps to review reported obligations and confirm that any changes to cumulative or current-period obligations reflect amounts established before the deadline. Each adjustment will be documented, verified for accuracy, properly categorized, and reviewed for compliance with federal requirements.

The review process will involve comparing current-period obligations with prior reports to identify any discrepancies. Quarterly reconciliations will verify that obligated amounts align with actual

expenditures and approved budgets, and any differences will be addressed promptly. All expenditures will be supported by source documentation, including invoices, payment vouchers, procurement records, and contracts. Ongoing monitoring will include targeted reviews of obligations and adjustments as part of the SLFRF monitoring plan. Follow-up reviews in FY2026 will verify corrective actions are effective and reporting errors do not recur, thereby strengthening internal controls and ensuring full compliance with SLFRF requirements.

Anticipated Correction Date: October 31, 2025

2025-013. Inadequate SLFRF Subrecipient Monitoring

(Finding Type: Significant Deficiency, Reportable Noncompliance)

Federal Agency: Department of the Treasury

Assistance Listing Number and Title: 21.027 Coronavirus State and Local Fiscal Recovery Funds

Federal Award Number: Various

Questioned Costs: \$0

Pass-through Entity: N/A

Prior Year Single Audit Report Finding Number: 2024-012

The Department of Environmental Quality (DEQ) did not adequately fulfill their subrecipient monitoring responsibilities for the State and Local Fiscal Recovery Funds (SLFRF) provided to DEQ by the Governor's Office of Planning and Budget.

For two of the six subrecipients selected (both at DEQ), DEQ did not adequately perform reviews of their subrecipients Single Audit reports and findings to assess whether the subrecipients spent the funds appropriately. The agency did not have adequate controls to ensure their subrecipients' Single Audit reports were monitored according to federal requirements. *Uniform Guidance* (2 CFR 200.332(e)) requires a review of subrecipient Single Audit reports when they become available and that any findings related to the applicable program are addressed.

The errors noted above were a result of the agency not fully understanding the nature of the funds they received and the extent of compliance requirements. Failure to establish internal controls and monitoring procedures may result in the subrecipient's noncompliance with federal fund requirements and potential misuse of federal funds.

Recommendation

We recommend that DEQ implement controls to ensure that review of subrecipient Single Audits and appropriate follow-up on findings related to the applicable subaward occur.

DEQ's Response

We agree that the review of two subrecipient Single Audit reports had not been completed at the time of the audit. The department has policy and procedures in place requiring the timely review of subrecipient monitoring. Our agency recently implemented a department-wide subrecipient monitoring tracking system, and are working with our divisions to get it fully operational. We are also updating our policy and procedures regarding federal funds that should help clarify roles and responsibilities. In addition, we are re-emphasizing with appropriate staff the importance of timely monitoring of subrecipients.

DEQ's Corrective Action Plan

We agree that the review of two subrecipient Single Audit reports had not been completed at the time of the audit. The department has policy and procedures in place requiring the timely review of subrecipient monitoring. Our agency recently implemented a department-wide subrecipient monitoring tracking system, and are working with our divisions to get it fully operational. We are also updating our policy and procedures regarding federal funds that should help clarify roles and responsibilities. In addition, we are re-emphasizing with appropriate staff the importance of timely monitoring of subrecipients.

Estimated Completion Date: 12/31/2025

2025-014. DFCM Did Not Check for Suspension and Debarment Prior to Entering into Direct Award Contracts**(Finding Type: Significant Deficiency)**

Federal Agency: Department of the Treasury

Assistance Listing Number and Title: 21.027 Coronavirus State and Local Fiscal Recovery Funds

Federal Award Number: Various

Questioned Costs: \$0

Pass-through Entity: N/A

Prior Year Single Audit Report Finding Number: 2023-019

The Division of Facilities and Construction Management (DFCM) did not perform proper suspension and debarment checks prior to awarding federal funds to potential contracting parties under their direct award process.

In accordance with 2 CFR 180.300, an entity must verify that the person with whom they are intending to do business is not excluded or disqualified prior to entering into a transaction with that person. This verification is done by: (a) checking SAM.gov exclusions; (b) collecting a certification from that person; or (c) adding a clause or condition to the awarding agreement with that person.

DFCM entered into direct award projects totaling \$799,907 without performing the required check or certifications for suspension and debarment. As we were able to verify that none of the vendors associated with those projects were not suspended or debarred, we do not question these costs.

If DFCM does not check for suspension and debarment for these types of contracts, they are at risk of entering into a contract with a vendor that is suspended or debarred, putting the federal funding at risk of being spent inappropriately.

Recommendation

We recommend that DFCM strengthen their internal control over suspension and debarment and perform the required checks and/or certifications.

DGO's Response

The Department of Government Operations agrees with this finding.

DGO's Corrective Action Plan

Division of Facilities Construction and Management

DFCM will implement compliant termination or debarment verbiage into both our Short Form Construction Contract, which is used for direct award construction, and Purchase Order Terms and Conditions for both construction and facilities projects and purchases. The division will also look to utilize the sam.gov system to verify if contractors show up with a suspended or debarred UEI.

Anticipated Correction Date: January 31, 2026

Various Federal Agencies

2025-015. Working Capital Reserves in Excess of Federal Guidelines

(Finding Type: Reportable Noncompliance)

Federal Agency: Various

Assistance Listing Number and Title: Various

Federal Award Number: Various

Questioned Costs: Undeterminable

Pass-through Entity: N/A

Prior Year Single Audit Report Finding Number: 2024-016; 2023-020; 2022-027; 2021-025; 2020-036; 2019-023; 2018-033; 2017-021; 2016-037; 2015-048; 2014-040; 2013-049; 2012 12-51; 2011 11-56

As of June 30, 2025, four divisions within the Department of Government Operations (DGO) held working capital reserves in excess of federal guidelines of at least the amounts that follow:

<u>Fund Description</u>	<u>Excess # of Days in Reserve</u>	<u>Excess Amount in Reserve</u>
Division of Purchasing and General Services		
Federal Surplus Property	2,569	\$298,240
Division of Finance		
Purchasing Card	96	\$290,503

The federal oversight agency requires the following divisions to be assessed at the service area level, which resulted in excess reserves as follows:

<u>Service Area Description</u>	<u>Excess # of Days in Reserve</u>	<u>Excess Amount in Reserve</u>
Division of Technology Services (DTS)		
Communication Services	40	\$1,016,387
Division of Human Resource Management		
Human Resources Field Services	160	\$6,324,315

2 CFR part 200, Appendix V, paragraph G.2, generally allows a working capital reserve as part of retained earnings of up to 60 days' cash expenses for normal operating purposes in each internal service fund. The excess reserves were due to the inherent difficulty of accurately estimating expenses when setting rates. Excess reserves could result in a federal liability since federal programs share an interest in the reserves.

Recommendation

Depending on the business requirements, we recommend each division within DGO reduce excess working capital reserves within each of the respective funds or service areas.

DGO's Response & Corrective Action Plan

Division of Purchasing and General Services

Federal Surplus Property Fund – The program is conducting a review of expenditures and current rates following the relocation of the program to the new building. By ensuring accurate total costs are being included in the rate, we expect the upcoming rate changes to decrease the excess retained earnings. The program is also prioritizing replacement of its old auction and inventory software. Implementing a new system with current technology will support compliance with regulations, eliminate custom programming, and is expected to further decrease the excess retained earnings.

Contact Person: Jake Hennessy (jakehennessy@utah.gov, 385-271-2301), Executive Finance Director, Department of Government Operations

Anticipated Correction Date: December 31, 2027

Division of Finance

Purchasing Cards Fund (P-Card) – The PCard program requires payment to the card issuer before collections are fully received from participating agencies, which results in the fund carrying both significant receivable and payable balances throughout the month. At the time of review, the fund reflected a negative cash balance of approximately \$264,000, which represents a borrowing from the General Fund. Based on the balance sheet at that time, total current assets were approximately \$2.2 million while total current liabilities were approximately \$2.5 million, indicating that the fund's working capital position was negative. These conditions reflect the timing of receivables and payables within the program rather than the accumulation of excess liquid reserves. The Division will continue to monitor the fund's financial position and program rates to ensure balances remain appropriate and consistent with federal guidance.

Contact Person: Allyson Branch (abbranch@utah.gov, 801-597-3523), Assistant Director, Division of Finance

Anticipated Correction Date: June 30, 2026

Division of Technology Services

Communication Services – The Division has worked to reduce the excess reserves and has been successful in decreasing the balance compared to the previous year. To continue this trend, we have decreased next year’s rates to further reduce the excess reserve balance. We are working to balance reductions in retained earnings while maintaining services until the products reach the end of their lifecycle.

Contact Person: Jake Hennessy (jakehennessy@utah.gov, 385-271-2301), Executive Finance Director, Department of Government Operations

Anticipated Correction Date: June 30, 2028

Division of Human Resource Management

Human Resources Field Services – In recent years, a cost allocation plan was developed to better align our expenses with the specific service area supported. Field Service rates were also lowered for fiscal years 2026 and 2027. We anticipate continuing to fine tune our rates to bring the Field Service reserve balance down. Additionally, the majority of the excess reserves is due to an historical error in allocating rate revenue between service areas within the same fund. We are working with our federal partners on a solution to correct this error.

Anticipated Correction Date: June 30, 2028

2025-016. Contractor Overcharged UDOT for Ineligible Costs

(Finding Type: Significant Deficiency, Reportable Noncompliance)

Federal Agency: Various

Assistance Listing Number and Title: Various

Federal Award Number: Various

Questioned Costs: Undetermined

Pass-through Entity: N/A

Prior Year Single Audit Report Finding Number: N/A

During fiscal year 2025, the Utah Department of Transportation (UDOT) requested that its Internal Audit function perform a review of a particular contractor’s charges, based on concerns about that contractor’s indirect cost charges. During this review, Internal Audit found that the contractor had overcharged UDOT an estimated \$12 million to \$18 million from 2013 to 2025. UDOT contracted with

a forensic accountant to review the matter who validated these estimates. As a result, UDOT has initiated a hearing process to assess its current and future relationship with the contractor.

Most of the overcharges relate to state funded projects, however, there were several projects that were, at least partially, federally funded. UDOT does not yet know the exact impact to federal funding, but UDOT estimates that the overcharges to federal funds are likely greater than \$25,000. UDOT has notified the Federal Highway Administration (FHWA) and is working with the FHWA to assess the federal funding impact and further actions that may be necessary.

The issue was not initially detected because the contractor had misrepresented the nature of certain charges. Ultimately, UDOT's procedures discovered the issue, and upon discovery, UDOT took appropriate action to address the issue.

Recommendations

We recommend UDOT:

- Continue working with the Federal Highway Administration to determine the impact on federal funding and appropriately resolve this matter;
- Seek reimbursement from the contractor for overcharges and determine what sanctions or restrictions should be imposed against the contractor; and,
- Consider reevaluating its procedures to help identify and prevent similar issues from occurring in the future.

DOT's Response

UDOT agrees with the recommendation and is awaiting the outcome of an administrative hearing held in February 2026 to determine the proper corrective action against the contractor. Following the hearing's resolution, UDOT will implement the appropriate corrective measures and finalize the overcharge amount. UDOT will also explore additional ways to mitigate the risk of similar incidents in the future.

Contact Person: Shane Young, UDOT Internal Audit Director, styoung@utah.gov

Questioned Costs			n/a
Reasons for Recurrence			Managed care entity invoicing was resolved during state fiscal year 2025, but problems with JCODE drug files were not resolved until state fiscal year 2026.
Partial Corrective Action Taken			The pharmacy team worked with the third-party vendor (Change Healthcare) to resolve the issues with the JCODE drug files. The issue was resolved, and it is expected that the backlog of JCODE files will be submitted and rebates will be invoiced in February 2026.
Corrective Action Planned			Planned corrective action is described in the current year's Corrective Action Plan.
Anticipated/Actual Completion Date			February 28, 2026
Contact Person(s)			Thomas Davies, Medicaid Pharmacy Director, Division of Integrated Health, thomasdavies@utah.gov
Finding	2024-004	2024	Inadequate Procedures to Identify Healthcare Providers with Expired Licenses
State Department or Component Unit Status			Health and Human Services, Department of Partially corrected – repeated in current fiscal year as 2025-004
Questioned Costs			n/a
Reasons for Recurrence			The department designed a process to identify providers with expired licenses, but the process was not fully implemented by the end of the state fiscal year.
Partial Corrective Action Taken			The department designed and began to implement a process to identify providers with expired licenses. The new process shows compliance, but historical data needs to be reviewed. Backlog data will be reviewed by August 31, 2025.
Corrective Action Planned			Planned corrective action is described in the current year's Corrective Action Plan.
Anticipated/Actual Completion Date			August 31, 2025
Contact Person(s)			Shandi Adamson, Office Director, Office of Medicaid Operations, shandiadamson@utah.gov

Finding	2024-005	2023	Required Health and Safety Surveys Not Performed Within Statutory Timeline
State Department or Component Unit			Health and Human Services, Department of
Status			Partially corrected – repeated in current fiscal year as 2025-003
Questioned Costs			n/a
Reasons for Recurrence			The department is working to conduct surveys in a timely manner but is not yet fully compliant.
Partial Corrective Action Taken			The department has added resources to work through the backlog of surveys and improve survey completion times. The department continues to utilize additional resources added to work through the backlog of surveys and improve survey completion times. The department is on track to be compliant with required survey timelines by July 1, 2026.
Corrective Action Planned			Planned corrective action is described in the current year's Corrective Action Plan.
Anticipated/Actual Completion Date			July 1, 2026
Contact Person(s)			Florencia Schapira De Grout, Office Director, Office of Licensing, ffschapira@utah.gov Courtney Webb, Financial Manager, Division of Finance & Administration, courtneywebb@utah.gov
Finding	2024-006	2024	TANF ACF-204 Report Does Not Match Supporting Documentation
State Department or Component Unit			Workforce Services, Department of
Status			Implemented – corrective action taken
Questioned Costs			n/a
Reasons for Recurrence			n/a
Partial Corrective Action Taken			n/a
Corrective Action Planned			n/a
Anticipated/Actual Completion Date			December 31, 2024
Contact Person(s)			Liz Carver, Division Director, 801-514-1017
Finding	2024-007	2024	Refugee Grant Expenditures Charged Outside of Award Period
State Department or Component Unit			Workforce Services, Department of
Status			Implemented – corrective action taken. The department received a management decision letter dated January 28, 2026 and returned disallowed costs to the U.S. Department of the Treasury in February 2026.
Questioned Costs			\$39,297
Reasons for Recurrence			n/a
Partial Corrective Action Taken			n/a
Corrective Action Planned			n/a
Anticipated/Actual Completion Date			January 31, 2025
Contact Person(s)			Nathan Harrison, Executive Finance Director, 801-808-0676
Finding	2024-008	2024	Non-Payroll Expenditures Did Not Receive Adequate Reviews
State Department or Component Unit			University Of Utah
Status			Partially corrected. The University received a management decision letter dated August 8, 2025 sustaining the finding and stating that a properly implemented corrective action plan will address the finding.
Questioned Costs			\$0
Reasons for Recurrence			Corrective actions were completed by June 30, 2025, but the finding is considered Partially Corrected because corrections were not in place the majority of the state fiscal year.
Partial Corrective Action Taken			Management met with identified Principal Investigators of the grants in question to discuss the importance of the Evidence of Review (EOR) process and the need to approve transactions in a timely manner. This was done verbally. In addition, we have reviewed our EOR notifications and the timing of them. We also reviewed our training videos, which walk users through the importance of the EOR process, associated policies, and requirements.
Corrective Action Planned			n/a
Anticipated/Actual Completion Date			June 30, 2025
Contact Person(s)			Steven Phillips, Controller, 801-581-5077, steven.phillips@admin.utah.edu

Finding	2024-009	2024	Unallowable Cash Medical Assistance Benefit Issuances
State Department or Component Unit			Workforce Services, Department of
Status			Partially corrected. The department received a management decision letter dated January 28, 2026 stating disallowance of questioned costs will not be pursued since the amount falls below the \$25,000 threshold.
Questioned Costs			\$3,583
Reasons for Recurrence			Though training on policy 750-5A was provided in April 2025, one worker made an eligibility decision error subsequent to the training in May 2025 resulting in a \$60 overpayment for one individual. The reason for the error is unclear, and the worker in question is no longer an eligibility specialist.
Partial Corrective Action Taken			A team training was held on April 15, 2025. This training reviewed all elements of the findings, including enhanced payment requirements, change report processing, and incorrect income calculations. Individuals who missed the initial training received one-on-one training during April 2025. The program team and supervisor met with staff who processed cases found to be in error and discussed case findings individually. These were completed in May 2025.
Corrective Action Planned			Additional steps include sending a "Just the Facts" reminder for staff to review and acknowledge policy understanding for policy 750-5A.
Anticipated/Actual Completion Date			July 31, 2026
Contact Person(s)			Muris Prses, Division Director, Eligibility Services Division, 801-889-9712
Finding	2024-018	2024	USU Extension Extra Services Compensation Program Non-Compliance with Uniform Guidance
State Department or Component Unit			Utah State University
Status			Partially corrected. The University received a management decision letter dated August 8, 2025 sustaining the finding and stating that a properly implemented corrective action plan will address the finding.
Questioned Costs			Undetermined
Reasons for Recurrence			The University is actively implementing the corrective action plan detailed in the state fiscal year 2024 single audit report, but it has not yet completed all implementation as of June 30, 2025.
Partial Corrective Action Taken			The University retained a consulting firm to conduct reviews to help determine the financial impact of noncompliance with grant sponsors. The University has also taken steps to evaluate and improve its policies and required documentation for extra-service compensation (ESC). Working groups were formed to review and strengthen processes and procedures.
Corrective Action Planned			The University will finalize implementation of various recommendations of the consulting firm and internal working groups. The University also plans to provide training and education for staff working with sponsored awards and for departmental and payroll staff responsible for coding and processing salary across the institution.
Anticipated/Actual Completion Date			January 1, 2026
Contact Person(s)			Lisa M. Berreau, Vice President for Research, Utah State University, 435-797-3509

U.S. Department of Homeland Security

	Finding	Initial Year	Status of Findings and Questioned Costs

State Department or Component Unit			Public Safety, Department of
Status			Not corrected – repeated in the current fiscal year as 2025-007
Questioned Costs			None
Reasons for Recurrence			Reasons for recurrence are described in the current year’s finding.
Partial Corrective Action Taken			n/a
Corrective Action Planned			Planned corrective action plan is described in the current year’s corrective action plan.
Anticipated/Actual Completion Date			See current year finding
Contact Person(s)			Tanner Patterson, Financial Manager, Department of Public Safety, tpatterson@utah.gov

U.S. Department of Housing and Urban Development

	Finding	Initial Year	Status of Findings and Questioned Costs
Finding	2024-010	2024	HTF Project Does Not Meet Eligible Income Requirements
State Department or Component Unit			Workforce Services, Department of
Status			Partially corrected
Questioned Costs			n/a
Reasons for Recurrence			Corrective action was completed just after the end of the state fiscal year and so was not fully implemented during the state fiscal year.
Partial Corrective Action Taken			DWS updated policy and monitoring tools to better ensure compliance with relevant compliance requirements.
Corrective Action Planned			n/a
Anticipated/Actual Completion Date			July 10, 2025
Contact Person(s)			Daniel Murphy, HCD Program Manager, 385-630-8368
Finding	2024-011	2024	DWS-Adopted Guidelines Not Followed When Evaluating an Applicant Housing Project
State Department or Component Unit			Workforce Services, Department of
Status			Partially corrected
Questioned Costs			n/a
Reasons for Recurrence			Corrective action was completed just after the end of the state fiscal year and so was not fully implemented during the state fiscal year.
Partial Corrective Action Taken			DWS has been applying the guidelines and will update them to include the definition of certified financial statements.
Corrective Action Planned			n/a
Anticipated/Actual Completion Date			August 31, 2025
Contact Person(s)			Daniel Murphy, HCD Program Manager, 385-630-8368

U.S. Department of Transportation

	Finding	Initial Year	Status of Findings and Questioned Costs
Finding	2023-011	2023	Improper Acceptance of Materials Due to Lack of Effective Internal Controls Over the Quality Assurance Program
State Department or Component Unit			Transportation, Department of
Status			Partially corrected
Questioned Costs			n/a
Reasons for Recurrence			Corrective actions were completed by May 31, 2025, but the finding is considered Partially Corrected because corrections were not in place the majority of the state fiscal year.
Partial Corrective Action Taken			Material expenses have been refunded to FHWA for the questioned fund amounts from the report. UDOT has created a dashboard to help certified testers check their certification status each year.
Corrective Action Planned			n/a
Anticipated/Actual Completion Date			May 31, 2025
Contact Person(s)			Carmen Swanwick, Project Development Director, (801) 232-7802
Finding	2023-012	2023	Noncompliance Resulting from the Failure to Implement Effective Internal Controls Over Value Engineering Program
State Department or Component Unit			Transportation, Department of
Status			Partially corrected
Questioned Costs			\$0
Reasons for Recurrence			Corrective actions were completed by May 31, 2025, but the finding is considered Partially Corrected because one part of corrective action was left to implement as of June 30, 2025.
Partial Corrective Action Taken			UDOT is currently working on updating the Value Engineering (VE) manual to combine with the Roadway Design Manual and developing additional training for designers that outlines processes and procedures to help identify when VEs are needed and that encourages project teams to identify those needs as early as possible in the project timeline. One item left to be fully implemented.
Corrective Action Planned			FHWA has worked with UDOT's VE Coordinator to come up with a plan to address the findings. FHWA suggested that UDOT provide supporting documentation with the submittal of the Annual Report and flag any project that exceeds or comes close to exceeding the VE threshold.
Anticipated/Actual Completion Date			December 31, 2025
Contact Person(s)			Carmen Swanwick, Project Development Director, (801) 232-7802
Finding	2023-013	2023	Improper Reimbursement of Utility Expenditures Due to Lack of Effective Internal Controls
